SURVIVING THE STORM

Identifying & Linking Internal Capabilities with Business Continuity

2017-1-IT01-KA202-006081

“What is the secret of the SMEs that, despite the period of crisis, manage to succeed?”

“Thanks to SURVIVE project, we will discover it together!”

We will involve SMEs, start-ups, policy makers, educational institutions, chambers of commerce, regional and national thematic networks, employees, employers and executives.

We will organize seven study visits in different countries on how to lead SMEs, to investigate their structure, exchange practices and discover internal capabilities.

We will create a powerful and flexible training program to identify the “Secret of Success” in the management systems of SMEs.
